Docket NO. T-01846B-07-0663

My name is Gary Smith and I live at 791 Linger Dr., Lot 162 Parker Arizona 85344 in the Hillcrest Bay Subdivision. I was self-employed until October 1, 2008. Due to health problems and the state of the economy I was forced to close my business.

I want to change my vote to no on the proposed placement of the utility lines underground. This would be a financial hardship I can no longer afford. I'm on a fixed income and my house payment is three quarters of my income. Thank you for your consideration.

Sincerely

Gary Smith

I am writing to the commission about some concerns I have about the pending USCA.

In the annual meeting Sept. 27<sup>th</sup> of the Hillcrest Bay HOA, one of the speakers was Mr. Wilson from APS. I asked about the rumor that two lots were to be excluded from the pending project. His answer was yes they were looking into excluding lot 34A and lot 35A to be able to lower the cost of the project. My question is how does this lower the remaining lots cost. Lot 35A is Steve Benton's lot, the very person who had fought the hardest to stop the project because of his high cost and his cost would go away.

It was said in a open HOA board meeting that Judge Harping had ordered the HOA to be represented by a Lawyer. When I called the commission to ask about that statement, I was told that they could not take sides or offer legal advise and that if you were APS, Verizon or an entity you should have lawyer to represent you.

John Sears has been at all of the hearings on the behalf of the HOA. He is a committee member only and not on the board of directors. Now the board has hired a Lawyer to represent them at the hearing using the money from our HOA stating that Judge Harping ordered it.

For people like myself who cannot afford the cost before the economic ciao we will have trouble getting reasonable cost financing. Not having a firm cost estimate on the individual electrical or Verizon hookup cost on my property from the HOA committee, only an old unsigned, undated one from the HOA. If you get your own as they say you can if you wish, it is only

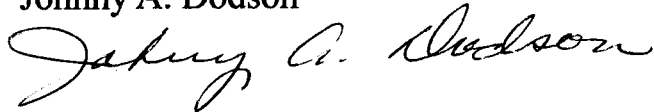

good for a limited time like 90 days. This is the part that is not financed by APS and Verizon.

For people like me, who feel they can't afford the USCA and do not have enough money to hire a lawyer to fight for us, I am asking you to please consider my plea to rule against the USCA .

Concerned for my future.

Home owner and permanent resident
